

Species-list Butterflies Central Sweden, Svartådalen & Västmanland

	SPECIES	latin	swedish	status	Flight period
	Dingy Skipper	<i>Erymnis tages</i>	Skogsvisslare	local	early May- mid June
	<b>Large Grizzled Skipper</b>	<i>Pyrgus alveus</i>	Kattunvisslare	local, rare	late June-early Aug
	<b>Northern Grizzled Skipper</b>	<i>Pyrgus centaureae</i>	Myrvisslare	local, rare	mid June- mid July
	Grizzled Skipper	<i>Pyrgus malvae</i>	Smultronvisslare	locally common	May- June
	<b>Northern Chequered Skipper</b>	<i>Carterocephalus silvicola</i>	Svartfläckig glanssmygare	local	late May- early July
N	Chequered Skipper	<i>Carterocephalus palaemon</i>	Gulfläckig glanssmygare	local, rare	late May- late June
	Essex Skipper	<i>Thymelicus lineola</i>	Mindre tätelsmygare	widespread	July- Aug
	Large Skipper	<i>Ochlodes sylvanus</i>	Ängssmygare	common	late May-mid Aug
	Silver-spotted Skipper	<i>Hesperia comma</i>	Silversmygare	locally common	late July- early Sep
	<b>Common Swallowtail</b>	<i>Papilio machaon</i>	Makaonfjäril	widespread but not common	late May – mid July
	<b>Apollo</b>	<i>Parnassius apollo</i>	Apollofjäril	local, rare	late June- mid Aug
	<b>Clouded Apollo</b>	<i>Parnassius mnemosyne</i>	Mnemosynefjäril	local, rare	June
	Wood White	<i>Leptidia sinapis</i>	Skogsvitvinge	common	mid May - mid June late July- mid Aug
	<b>Real's Wood White</b>	<i>Leptidia reali</i>	Ängsvitvinge	locally common	mid May - mid June late July- mid Aug
	Green-veined White	<i>Pieris napi</i>	Rapsfjäril	common	mid April – mid Sep
	<b>Black-veined White</b>	<i>Aporia crataegi</i>	Hagtornsfjäril	local	June-July
	Large White	<i>Pieris brassicae</i>	Kålfjäril	common	May- Sep
	Small White	<i>Pieris rapae</i>	Rovfjäril	common	mid April – mid Sep
	Orangetip	<i>Antiocharis cardamines</i>	Aurorafjäril	locally common	May – June
	Brimstone	<i>Gonepteryx rhamni</i>	Citronfjäril	common	March – October
	<b>Moorland Clouded Yellow</b>	<i>Colias palaeno</i>	Svavelgul höfjäril	widespred	mid June – early Aug
	Small Copper	<i>Lycaena phlaeas</i>	Mindre guldvinge	widespred	mid May-late June

					mid July- late Sep
	<b>Scarce Copper</b>	<i>Lycaena virgaureae</i>	Vitfläckig guldvinge	local	late June-late Aug
	<b>Purple-edged Copper</b>	<i>Lycaena hippothoe</i>	Violett kantad guldvinge	local	June-July
N	<b>Violet Copper</b>	<i>Lycaena helle</i>	Violett guldvinge	very rare	June
	Green Hairstreak	<i>Callophrys rubi</i>	Grönsnabbvinge	widespred	late April- mid June
	Purple Hairstreak	<i>Favonius quercus</i>	Eksnabbvinge	local	early July – late Aug
	Brown Hairstreak	<i>Thecla betulae</i>	Eldsnabbvinge	local	late July- late Sep
	White-letter Hairstreak	<i>Satyrrium w-album</i>	Almsnabbvinge	local	late June- late July
	Holly Blue	<i>Celastrina argiolus</i>	Tostebåvinge	common	late April – late June mid July – late Aug
	Small Blue	<i>Cupido minimus</i>	Mindre blåvinge	local	mid May– late June
	<b>Idas Blue</b>	<i>Plebejus idas</i>	Hedblåvinge	common	mid June- mid Aug
	<b>Green-underside Blue</b>	<i>Glaucopsyche alexis</i>	Klöverblåvinge	locally common	late May – mid July
	Silver-studded Blue	<i>Plebejus argus</i>	Ljungblåvinge	common	mid June- late Aug
	Common Blue	<i>Polyommatus icarus</i>	Puktörneblåvinge	common	late May-early Sep
	<b>Large Blue</b>	<i>Maculinia arion</i>	Svartfläckig blåvinge	local, rare	late June- early Aug
	<b>Northern Brown Argus</b>	<i>Aricia artaxerxes</i>	Midsommarblåvinge	local	mid June- mid Aug
	<b>Mazarine Blue</b>	<i>Polyommatus semiargus</i>	Ängsblåvinge	widespred	early June- late July
	<b>Amanda´s Blue</b>	<i>Polyommatus amandus</i>	Silverblåvinge	locally common	mid June- mid Aug
	<b>Cranberry Blue</b>	<i>Plebejus optilete</i>	Violett blåvinge	locally common	mid June- mid Aug
	<b>Silvery Argus</b>	<i>Aricia nicias</i>	Turkos blåvinge	local, rare	late June-early Aug
	<b>Geranium Argus</b>	<i>Aricia eumedon</i>	Brun blåvinge	local	early June-late July
	<b>Chequered Blue</b>	<i>Scolitantidis orion</i>	Fetörtsblåvinge	local, rare	late May– early June
S	<b>Reverdin´s Blue</b>	<i>Plebejus argyrognomon</i>	Kronärtsblåvinge	Very rare	late June – late July
	<b>Duke of Burgundy Fritillary</b>	<i>Hamearis lucina</i>	Gullvivefjäril	local, rare	late May– late June
	Silverwashed Fritillary	<i>Arfynnis paphia</i>	Silverstreckad pärlormfjäril	common	July- Aug
	<b>Queen of Spain Fritillary</b>	<i>Issoria lathonia</i>	Storfläckig pärlormfjäril	local	early May- mid June mid July –late August

	High Brown Fritillary	Argynnis adippe	skogspärlemorfjäril	widespred	early July- late Aug
	Dark Green Fritillary	Argynnis aglaja	Ängspärlemorfjäril	widespred	early July- late Aug
	<b>Niobe Fritillary</b>	Argynnis niobe	Hedpärlemorfjäril	local, rare	July- mid Aug
	<b>Lesser Marbled Fritillary</b>	Brenthis ino	Älggräspärlemorfjäril	common	late June- mid Aug
	Small pearl-bordered Fritillary	Boloria selene	Brunfläckig pärlemorfjäril	common	mid June- late Aug
	Pearl-bordered Fritillary	Boloria euphrosyne	Prydlig pärlemorfjäril	common	Late May – late July
	<b>Bog Fritillary</b>	Boloria eunomia	Svartringlad pärlemorfjäril	common	mid June- late July
	<b>Frejya´s Fritillary</b>	Boloria freija	Frejas pärlemorfjäril	local, rare	mid May- mid June
	<b>Frigga´s Fritillary</b>	Boloria frigga	Friggas pärlemorfjäril	local, rare	mid June- mid July
	<b>Cranberry Fritillary</b>	Boloria aquilonaris	Myrpärlemorfjäril	local	mid June- late July
	Red Admiral	Vanessa atalanta	Amiral	regular visitor	May-September
	Painted Lady	Cynthia carduci	Tistelfjäril	regular visitor	July- September
	Peacock	Inachis io	Påfågelöga	abundant	early April- mid Sep
	<b>Camberwell Beauty</b>	Nymphalis antiopa	Sorgmantel	widespread	late March – mid May mid July - September
	Small Tortoiseshell	Aglais articae	Nässelfjäril	abundant	early April-early May mid July- September
	Comma	Polygonia c-album	Vinbärsfuks	common	mid april-early May late July- September
	<b>Poplar Admiral</b>	Limenitis populi	Aspfjäril	local	mid June- mid July
	<b>Scarce Fritillary</b>	Euphydryas maturna	Asknätfjäril	local, rare	early June- mid July
	<b>Glanville Fritillary</b>	Melitaea cinxia	Ängsnätfjäril	local, rare	June–July
	<b>Marsh Fritillary</b>	Euphydryas aurinia	Väddnätfjäril	local, rare	late May- mid June
	<b>Heath Fritillary</b>	Melitaea athalia	Skogsnätfjäril	locally common	early June-late August
	<b>False Heath Fritillary</b>	Melitaea diamina	Sotnätfjäril	local, rare	early June-mid July
	<b>Assman´s Fritillary</b>	Melitaea britomartis	Veronikanätfjäril	very rare	mid June- early July
	<b>Northern Wall Brown</b>	Lassiomata petropolitana	Berggräsfjäril	common	mid May– mid June
	<b>Large Wall Brown</b>	Lassiomata maera	Vitgräsfjäril	common	mid June- early August

	Wall Brown	Lassiomata megera	Svingelgräsfjäril	local	May-June
	<b>Pearly Heath</b>	Coenonympha arcania	Pärlgräsfjäril	common	mid June– late July
	<b>Scarce Heath</b>	Coenonympha hero	Brun gräsfjäril	local, rare	early June– mid July
	Small Heath	Coenonympha pamphilus	Kamgräsfjäril	widespread	late May – late June mid July– late Sept
	Large Heath	Coenonympha tullia	Starrgräsfjäril	locally common	mid June- mid July
	Ringlet	Aphantopus hyperantus	Luktgräsfjäril	common	mid June-mid August
	Meadow Brown	Maniola jurtina	Slättergräsfjäril	locally common	late June– mid Aug
	Grayling	Hipparchia semele	Sandgräsfjäril	locally common	July-early September
O	<b>Arran Brown</b>	Erebia ligea	Skogsgräsfjäril	common	mid July- late August, only odd years
	Speckled Wood	Pararge aegeria	Kvickgräsfjäril	locally common	late May – late June mid July – late August
	<b>Woodland Brown</b>	Lopinga achine	Dårgäsfjäril	local, rare	late June- mid July
E	<b>Baltic Grayling</b>	Oeneis jutta	Tallgräsfjäril	locally common	early June – mid July only even years
	Six spot Burnet moth	Zygaena filipendulae	Sexfläckig bastardsvärmare	local	early July – late Aug
	New Forest Burnet Moth	Zygaena viciae	Mindre bastardsvärmare	local	early July – mid Aug
	Narrow-bordered Five spot Burnet	Zygaena lonicerae	Bredbrämad bastardsvärmare	local	late June- early August
	<b>Zygaena osterodensis</b>	Zygaena osterodensis	Smalsprötad bastardsvärmare	local, rare	late June- early August
N	Main distribution north of this area				

S	Main distribution south of this area				
O	Flies every 2:nd year, mostly odd years				
E	Flies every 2:nd year, mostly even years				

Species written in bold are scarce or not at all breeding in Britain.
